Testimonials

We did our mini-wedding at Dulwich Picture Gallery which was so magical. We hired the Linbury room which was perfect for our 28 guests. It comes as a complete blank canvas so you need to add decor but these means you can make it your own. We had the reception on the lawn on a beautiful sunny autumnal day which was gorgeous. Then, to add the wow factor we invited our guests in to look around the gallery (arranged by DPG) which they all loved. Would definitely recommend this venue if you want something special and unique.

Imogen and Samie

Imogen and her team were truly fantastic. We hosted a perfect civil ceremony and dinner at the gallery which looked and felt regal and breathtaking. I would highly recommend this venue to anyone considering!!

Aalia

The venue itself is beautiful, and we were so lucky that the sun came out on the day so that we could make the most of the lovely grounds for an outside drinks reception. Many of our guests commented on what a beautiful and unusual venue it was, and being a Gallery (with outside space!) in London felt very special. We couldn't have imagined a more perfect place for us to get married.

Charlotte

The Gallery is a stunning and unique venue which had the wow factor for our wedding. It provided a fantastic venue to end the perfect day. Really beautiful and somewhere to remember.
